# SEC-CISSP-201 — Lesson 1: Introduction: Asset Security & Identity Management

## Introduction

Welcome to Lesson 1 of **Cybersecurity & CISSP Foundations: Asset Security & Identity Management** (SEC-CISSP-201). This session explores **Introduction: Asset Security & Identity Management** within the **Track D — Technical / IT / Cloud / AI / Marketing** pathway at Twice Born Ministry Bible School.

This career track equips digital stewards for ministry and marketplace. Marketing courses cross-reference the TBM Marketing plugin (Wavecraft) and Marketing/TBM\_MARKETING\_PLUGIN.md.

This is **Layer 4 — Career Tracks** content at college level (or high school dual-enrollment where noted). The King James Version remains the citation standard for all scripture. Complete BS-FND-100 or listed prerequisites before advanced modules.

Pray for wisdom before studying. Career competence without Christ-centered character produces skilled workers who build on sand. We pursue excellence **as unto the Lord** (Colossians 3:23).

### *Christian Ethics Integration —" Stewardship*

The earth is the LORD's, and the fulness thereof (Psalm 24:1, KJV). Every vocation—"accounting, medicine, media, or cloud engineering—"is borrowed stewardship.

Apply this principle while studying **Introduction: Asset Security & Identity Management**: document ethical decisions, cite KJV where appropriate, and identify when professional practice must yield to conscience.

## Core Teaching

### Theme: Introduction: Asset Security & Identity Management

The heavens declare the glory of God; and the firmament sheweth his handywork (Psalm 19:1, KJV). Technology extends human creativity made in God's image yet must never replace dependence on the Creator.

Prove all things; hold fast that which is good (1 Thessalonians 5:21, KJV). Digital tools—AI, cloud platforms, marketing automation—require discernment. Test every workflow against Scripture and conscience.

#### ### Practical Focus

College-level cybersecurity & cissp foundations — intermediate i. Rigorous skill-building with Christ-first ethics and KJV anchors. 2 Timothy 3:16-17 (KJV); Colossians 3:23 (KJV)

#### Competency targets for this lesson:

- Define key terms and industry-standard vocabulary at introductory level.
- Identify biblical principles that govern ethical decisions in this domain.
- Complete hands-on or scenario-based exercises in assignments and quizzes.
- Connect vocational skills to local church ministry or community service where applicable.

#### ### Professional Standards

Career track courses prepare students for further education, certification programs, or bi-vocational ministry—they do not replace licensure, trade union apprenticeships, CPA/legal counsel, or seminary ordination tracks unless explicitly stated in prerequisites.

## TBM & Catalog Cross-References

## Application for Vocation and Ministry

**Introduction: Asset Security & Identity Management** should change how you work, lead, serve customers, and witness.

**Digital practice:** Configure a lab environment, diagram, or content draft. Document security and ethics decisions.

**Personal devotion:** Write a brief prayer connecting today's vocational theme to Christ's lordship over your schedule, income, and relationships.

**Local church:** Share one insight with your pastor, deacon team, or small group—especially where bi-vocational ministry applies.

**Evangelism:** Prepare a 60-second testimony linking honest work or digital stewardship to the gospel hope you profess.

## Lab, Scenario, or Field Exercise

**Exercise 1:** Build a diagram, wireframe, or configuration checklist. Peer-review for accessibility, security, and ethical messaging.

Document assumptions, resources consulted, and limitations. Submit via LMS with honor statement. Supervised field hours may count toward capstone portfolios where approved by cohort facilitator.

## Discussion Questions

How does **Introduction: Asset Security & Identity Management** align with Colossians 3:23 ("as to the Lord")?

What secular practice in this field most often conflicts with biblical ethics?

Which prerequisite course or TBM resource best supports this lesson?

How would you teach this topic to a high school dual-enrollment student?

What is one measurable action you will take this week based on this lesson?

## Summary and Next Steps

**Lesson 1 Summary:** We examined **Introduction: Asset Security & Identity Management** through scripture, vocational standards, and ministry application.

**Action item:** Complete the module quiz (70% to pass) and begin assignment work if due this week.

**Preview:** Continue to Lesson 2. Review SPECIALIZATION\_SOURCES.md or Kingdom Capital / TBM Marketing docs as listed in your syllabus.

*Soli Deo gloria — whether ye eat or drink, or whatsoever ye do, do all to the glory of God (1 Corinthians 10:31).*

## Worship Integration

Select a hymn or worship song rich in biblical doctrine (e.g., "Holy, Holy, Holy," "And Can It Be," "A Mighty Fortress"). Analyze its lyrics for theological accuracy in light of this lesson. Lead family worship using that hymn, reading one supporting passage before singing. Theology should enliven corporate praise, not remain abstract.

## Ministry Case Study

Imagine a congregant confused about this lesson's topic after watching online teaching that contradicts historic evangelical doctrine. Draft a pastoral response email that (1) expresses empathy, (2) clarifies biblical teaching with two references, (3) invites in-person conversation, and (4) avoids condescension. Pastoral communication is part of theological training, not an optional soft skill.

Research one defender of orthodoxy related to this doctrine—Augustine, Athanasius, Luther, Calvin, Spurgeon, or a modern missionary martyr. Write 150 words on how their context shaped their emphasis. Standing on their shoulders, we inherit confessions forged in controversy. Imitate their courage and Scripture saturation, not necessarily every cultural application.

## Supplemental Reading and Reflection

Assign one chapter from a standard systematic theology textbook or equivalent lecture notes. Summarize the author's definitions, note where Scripture proofs appear, and evaluate whether the Bible truly supports each claim. Theology students must read widely yet judge all teaching by the Word. Write a half-page response connecting supplemental reading to this lesson's theme.

Imagine a congregant confused about this lesson's topic after watching online teaching that contradicts historic evangelical doctrine. Draft a pastoral response email that (1) expresses empathy, (2) clarifies biblical teaching with two references, (3) invites in-person conversation, and (4) avoids condescension. Pastoral communication is part of theological training, not an optional soft skill.

## Historical Figure Spotlight

Research one defender of orthodoxy related to this doctrine—Augustine, Athanasius, Luther, Calvin, Spurgeon, or a modern missionary martyr. Write 150 words on how their context shaped their emphasis. Standing on their shoulders, we inherit confessions forged in controversy. Imitate their courage and Scripture saturation, not necessarily every cultural application.

# SEC-CISSP-201 — Lesson 4: Guided Practice II — Cybersecurity & CISSP Foundations

## Introduction

Welcome to Lesson 4 of **Cybersecurity & CISSP Foundations: Asset Security & Identity Management** (SEC-CISSP-201). This session explores **Guided Practice II — Cybersecurity & CISSP Foundations** within the **Track D — Technical / IT / Cloud / AI / Marketing** pathway at Twice Born Ministry Bible School.

This career track equips digital stewards for ministry and marketplace. Marketing courses cross-reference the TBM Marketing plugin (Wavecraft) and Marketing/TBM\_MARKETING\_PLUGIN.md.

This is **Layer 4 — Career Tracks** content at college level (or high school dual-enrollment where noted). The King James Version remains the citation standard for all scripture. Complete BS-FND-100 or listed prerequisites before advanced modules.

Pray for wisdom before studying. Career competence without Christ-centered character produces skilled workers who build on sand. We pursue excellence **as unto the Lord** (Colossians 3:23).

### *Christian Ethics Integration —" Stewardship*

The earth is the LORD's, and the fulness thereof (Psalm 24:1, KJV). Every vocation—"accounting, medicine, media, or cloud engineering—"is borrowed stewardship.

Apply this principle while studying **Guided Practice II — Cybersecurity & CISSP Foundations**: document ethical decisions, cite KJV where appropriate, and identify when professional practice must yield to conscience.

## Core Teaching

### Theme: Guided Practice II — Cybersecurity & CISSP Foundations

Prove all things; hold fast that which is good (1 Thessalonians 5:21, KJV). Digital tools—AI, cloud platforms, marketing automation—require discernment. Test every workflow against Scripture and conscience.

The heavens declare the glory of God; and the firmament sheweth his handywork (Psalm 19:1, KJV). Technology extends human creativity made in God's image yet must never replace dependence on the Creator.

#### ### Practical Focus

College-level cybersecurity & cissp foundations — intermediate i. Rigorous skill-building with Christ-first ethics and KJV anchors. 2 Timothy 3:16-17 (KJV); Colossians 3:23 (KJV)

#### Competency targets for this lesson:

- Define key terms and industry-standard vocabulary at introductory level.
- Identify biblical principles that govern ethical decisions in this domain.
- Complete hands-on or scenario-based exercises in assignments and quizzes.
- Connect vocational skills to local church ministry or community service where applicable.

#### ### Professional Standards

Career track courses prepare students for further education, certification programs, or bi-vocational ministry—they do not replace licensure, trade union apprenticeships, CPA/legal counsel, or seminary ordination tracks unless explicitly stated in prerequisites.

## TBM & Catalog Cross-References

- BS-FND-100
- • 2 Timothy 3:16-17 (KJV)
- • Colossians 3:23 (KJV)

## Application for Vocation and Ministry

**Guided Practice II — Cybersecurity & CISSP Foundations** should change how you work, lead, serve customers, and witness.

**Digital practice:** Configure a lab environment, diagram, or content draft. Document security and ethics decisions.

**Personal devotion:** Write a brief prayer connecting today's vocational theme to Christ's lordship over your schedule, income, and relationships.

**Local church:** Share one insight with your pastor, deacon team, or small group—especially where bi-vocational ministry applies.

**Evangelism:** Prepare a 60-second testimony linking honest work or digital stewardship to the gospel hope you profess.

## Lab, Scenario, or Field Exercise

**Exercise 4:** Build a diagram, wireframe, or configuration checklist. Peer-review for accessibility, security, and ethical messaging.

Document assumptions, resources consulted, and limitations. Submit via LMS with honor statement. Supervised field hours may count toward capstone portfolios where approved by cohort facilitator.

## Discussion Questions

How does **Guided Practice II — Cybersecurity & CISSP Foundations** align with Colossians 3:23 ("as to the Lord")?

What secular practice in this field most often conflicts with biblical ethics?

Which prerequisite course or TBM resource best supports this lesson?

How would you teach this topic to a high school dual-enrollment student?

What is one measurable action you will take this week based on this lesson?

## Summary and Next Steps

**Lesson 4 Summary:** We examined **Guided Practice II — Cybersecurity & CISSP Foundations** through scripture, vocational standards, and ministry application.

**Action item:** Complete the module quiz (70% to pass) and begin assignment work if due this week.

**Preview:** Continue to Lesson 5. Review SPECIALIZATION\_SOURCES.md or Kingdom Capital / TBM Marketing docs as listed in your syllabus.

Select a hymn or worship song rich in biblical doctrine (e.g., "Holy, Holy, Holy," "And Can It Be," "A Mighty Fortress"). Analyze its lyrics for theological accuracy in light of this lesson. Lead family worship using that hymn, reading one supporting passage before singing. Theology should enliven corporate praise, not remain abstract.

## Supplemental Reading and Reflection

Assign one chapter from a standard systematic theology textbook or equivalent lecture notes. Summarize the author's definitions, note where Scripture proofs appear, and evaluate whether the Bible truly supports each claim. Theology students must read widely yet judge all teaching by the Word. Write a half-page response connecting supplemental reading to this lesson's theme.

Pray for wisdom before studying. Career competence without Christ-centered character produces skilled workers who build on sand. We pursue excellence **as unto the Lord** (Colossians 3:23).

### *Christian Ethics Integration —" Stewardship*

The earth is the LORD's, and the fulness thereof (Psalm 24:1, KJV). Every vocation—"accounting, medicine, media, or cloud engineering—"is borrowed stewardship.

Apply this principle while studying **Research and Documentation Standards**: document ethical decisions, cite KJV where appropriate, and identify when professional practice must yield to conscience.

### Core Teaching

### Theme: Research and Documentation Standards

Prove all things; hold fast that which is good (1 Thessalonians 5:21, KJV). Digital tools—AI, cloud platforms, marketing automation—require discernment. Test every workflow against Scripture and conscience.

The heavens declare the glory of God; and the firmament sheweth his handywork (Psalm 19:1, KJV). Technology extends human creativity made in God's image yet must never replace dependence on the Creator.

#### ### Practical Focus

College-level cybersecurity & cissp foundations — intermediate i. Rigorous skill-building with Christ-first ethics and KJV anchors. 2 Timothy 3:16-17 (KJV); Colossians 3:23 (KJV)

#### Competency targets for this lesson:

- Define key terms and industry-standard vocabulary at introductory level.
- Identify biblical principles that govern ethical decisions in this domain.
- Complete hands-on or scenario-based exercises in assignments and quizzes.
- Connect vocational skills to local church ministry or community service where applicable.

#### ### Professional Standards

Career track courses prepare students for further education, certification programs, or bi-vocational ministry—they do not replace licensure, trade union apprenticeships, CPA/legal counsel, or seminary ordination tracks unless explicitly stated in prerequisites.

## TBM & Catalog Cross-References

## Application for Vocation and Ministry

**Research and Documentation Standards** should change how you work, lead, serve customers, and witness.

**Digital practice:** Configure a lab environment, diagram, or content draft. Document security and ethics decisions.

**Personal devotion:** Write a brief prayer connecting today's vocational theme to Christ's lordship over your schedule, income, and relationships.

**Local church:** Share one insight with your pastor, deacon team, or small group—especially where bi-vocational ministry applies.

**Evangelism:** Prepare a 60-second testimony linking honest work or digital stewardship to the gospel hope you profess.

## Lab, Scenario, or Field Exercise

**Exercise 7:** Build a diagram, wireframe, or configuration checklist. Peer-review for accessibility, security, and ethical messaging.

Document assumptions, resources consulted, and limitations. Submit via LMS with honor statement. Supervised field hours may count toward capstone portfolios where approved by cohort facilitator.

## Discussion Questions

How does **Research and Documentation Standards** align with Colossians 3:23 ("as to the Lord")?

What secular practice in this field most often conflicts with biblical ethics?

Which prerequisite course or TBM resource best supports this lesson?

How would you teach this topic to a high school dual-enrollment student?

What is one measurable action you will take this week based on this lesson?

## Summary and Next Steps

**Lesson 7 Summary:** We examined **Research and Documentation Standards** through scripture, vocational standards, and ministry application.

**Action item:** Complete the module quiz (70% to pass) and begin assignment work if due this week.

**Preview:** Continue to Lesson 8. Review SPECIALIZATION\_SOURCES.md or Kingdom Capital / TBM Marketing docs as listed in your syllabus.

*Soli Deo gloria — whether ye eat or drink, or whatsoever ye do, do all to the glory of God (1 Corinthians 10:31).*

## Supplemental Reading and Reflection

Assign one chapter from a standard systematic theology textbook or equivalent lecture notes. Summarize the author's definitions, note where Scripture proofs appear, and evaluate whether the Bible truly supports each claim. Theology students must read widely yet judge all teaching by the Word. Write a half-page response connecting supplemental reading to this lesson's theme.

## Worship Integration

Select a hymn or worship song rich in biblical doctrine (e.g., "Holy, Holy, Holy," "And Can It Be," "A Mighty Fortress"). Analyze its lyrics for theological accuracy in light of this lesson. Lead family worship using that hymn, reading one supporting passage before singing. Theology should enliven corporate praise, not remain abstract.

## Historical Figure Spotlight

Research one defender of orthodoxy related to this doctrine—Augustine, Athanasius, Luther, Calvin, Spurgeon, or a modern missionary martyr. Write 150 words on how their context shaped their emphasis. Standing on their shoulders, we inherit confessions forged in controversy. Imitate their courage and Scripture saturation, not necessarily every cultural application.

## Ministry Case Study

Imagine a congregant confused about this lesson's topic after watching online teaching that contradicts historic evangelical doctrine. Draft a pastoral response email that (1) expresses empathy, (2) clarifies biblical teaching with two references, (3) invites in-person conversation, and (4) avoids condescension. Pastoral communication is part of theological training, not an optional soft skill.

# SEC-CISSP-201 — Lesson 8: Advanced Techniques — Intermediate I

## Introduction

Welcome to Lesson 8 of **Cybersecurity & CISSP Foundations: Asset Security & Identity Management** (SEC-CISSP-201). This session explores **Advanced Techniques — Intermediate I** within the **Track D — Technical / IT / Cloud / AI / Marketing** pathway at Twice Born Ministry Bible School.

This career track equips digital stewards for ministry and marketplace. Marketing courses cross-reference the TBM Marketing plugin (Wavecraft) and Marketing/TBM\_MARKETING\_PLUGIN.md.

This is **Layer 4 — Career Tracks** content at college level (or high school dual-enrollment where noted). The King James Version remains the citation standard for all scripture. Complete BS-FND-100 or listed prerequisites before advanced modules.

**Evangelism:** Prepare a 60-second testimony linking honest work or digital stewardship to the gospel hope you profess.

## Lab, Scenario, or Field Exercise

**Exercise 10:** Build a diagram, wireframe, or configuration checklist. Peer-review for accessibility, security, and ethical messaging.

Document assumptions, resources consulted, and limitations. Submit via LMS with honor statement. Supervised field hours may count toward capstone portfolios where approved by cohort facilitator.

## Discussion Questions

How does **Collaborative Ministry Application** align with Colossians 3:23 ("as to the Lord")?

What secular practice in this field most often conflicts with biblical ethics?

Which prerequisite course or TBM resource best supports this lesson?

How would you teach this topic to a high school dual-enrollment student?

What is one measurable action you will take this week based on this lesson?

## Summary and Next Steps

**Lesson 10 Summary:** We examined **Collaborative Ministry Application** through scripture, vocational standards, and ministry application.

**Action item:** Complete the module quiz (70% to pass) and begin assignment work if due this week.

**Preview:** Continue to the capstone module. Review SPECIALIZATION\_SOURCES.md or Kingdom Capital / TBM Marketing docs as listed in your syllabus.

## Supplemental Reading and Reflection

Assign one chapter from a standard systematic theology textbook or equivalent lecture notes. Summarize the author's definitions, note where Scripture proofs appear, and evaluate whether the Bible truly supports each claim. Theology students must read widely yet judge all teaching by the Word. Write a half-page response connecting supplemental reading to this lesson's theme.

## **Historical Figure Spotlight**

Research one defender of orthodoxy related to this doctrine—Augustine, Athanasius, Luther, Calvin, Spurgeon, or a modern missionary martyr. Write 150 words on how their context shaped their emphasis. Standing on their shoulders, we inherit confessions forged in controversy. Imitate their courage and Scripture saturation, not necessarily every cultural application.

## **Ministry Case Study**

Imagine a congregant confused about this lesson's topic after watching online teaching that contradicts historic evangelical doctrine. Draft a pastoral response email that (1) expresses empathy, (2) clarifies biblical teaching with two references, (3) invites in-person conversation, and (4) avoids condescension. Pastoral communication is part of theological training, not an optional soft skill.

Lead family worship using that hymn, reading one supporting passage before singing. Theology should enliven corporate praise, not remain abstract.

# SEC-CISSP-201 — Lesson 11: Mid-Course Integration and Review

## Introduction

Welcome to Lesson 11 of **Cybersecurity & CISSP Foundations: Asset Security & Identity Management** (SEC-CISSP-201). This session explores **Mid-Course Integration and Review** within

the **Track D — Technical / IT / Cloud / AI / Marketing** pathway at Twice Born Ministry Bible School.

This career track equips digital stewards for ministry and marketplace. Marketing courses cross-reference the TBM Marketing plugin (Wavecraft) and Marketing/TBM\_MARKETING\_PLUGIN.md.

This is **Layer 4 — Career Tracks** content at college level (or high school dual-enrollment where noted). The King James Version remains the citation standard for all scripture. Complete BS-FND-100 or listed prerequisites before advanced modules.

Pray for wisdom before studying. Career competence without Christ-centered character produces skilled workers who build on sand. We pursue excellence **as unto the Lord** (Colossians 3:23).

### ***Christian Ethics Integration —" Truth***

Buy the truth, and sell it not (Proverbs 23:23, KJV). Financial reports, news scripts, and research data must reflect reality—"not convenience.

Apply this principle while studying **Mid-Course Integration and Review**: document ethical decisions, cite KJV where appropriate, and identify when professional practice must yield to conscience.

## **Core Teaching**

### Theme: Mid-Course Integration and Review

The heavens declare the glory of God; and the firmament sheweth his handywork (Psalm 19:1, KJV). Technology extends human creativity made in God's image yet must never replace dependence on the Creator.

Prove all things; hold fast that which is good (1 Thessalonians 5:21, KJV). Digital tools—AI, cloud platforms, marketing automation—require discernment. Test every workflow against Scripture and conscience.

### Practical Focus

College-level cybersecurity & cissp foundations — intermediate i. Rigorous skill-building with Christ-first ethics and KJV anchors. 2 Timothy 3:16-17 (KJV); Colossians 3:23 (KJV)

### **Competency targets for this lesson:**

- Define key terms and industry-standard vocabulary at introductory level.
- Identify biblical principles that govern ethical decisions in this domain.
- Complete hands-on or scenario-based exercises in assignments and quizzes.

- Connect vocational skills to local church ministry or community service where applicable.

### ### Professional Standards

Career track courses prepare students for further education, certification programs, or bi-vocational ministry—they do not replace licensure, trade union apprenticeships, CPA/legal counsel, or seminary ordination tracks unless explicitly stated in prerequisites.

## TBM & Catalog Cross-References

- BS-FND-100

- 2 Timothy 3:16-17 (KJV)
- Colossians 3:23 (KJV)

## Application for Vocation and Ministry

**Mid-Course Integration and Review** should change how you work, lead, serve customers, and witness.

**Digital practice:** Configure a lab environment, diagram, or content draft. Document security and ethics decisions.

**Personal devotion:** Write a brief prayer connecting today's vocational theme to Christ's lordship over your schedule, income, and relationships.
