Learning Outcomes

Upon completion, students will be able to:

1. Explain core concepts and vocabulary for this vocational domain at college introductory level.
2. Apply biblical ethics when secular models conflict with Kingdom priorities.
3. Complete practical assignments, scenarios, or lab exercises with documented integrity.
4. Articulate connections between vocation, stewardship, and local church ministry.
5. Pass module quizzes and capstone assessments at 70% or higher.

Assessment Overview

- **Module quizzes:** JSON per module (multiple choice + short answer).
- **Assignments:** 3–4 rubric-graded projects.
- **Group projects:** 2 collaborative exercises.
- **Final exam:** Comprehensive short and extended responses.
- **Video scripts:** 3–5 instructor scripts for optional production.

Christian Guardrails

- KJV citation standard; Christ-centered instruction.
- Career exploration does not replace licensure, trade apprenticeships, or professional counsel where required.
- AI tools may assist research but not replace original work or pastoral judgment.

Course Modules

STEM-SHIP-101 — Lesson 1: Introduction and Biblical Stewardship Foundations — Shipbuilding & Naval Architecture Intro (Foundations I)

Introduction

Welcome to Lesson 1 of **Shipbuilding & Naval Architecture Intro: Foundations I** (STEM-SHIP-101). This session explores **Introduction and Biblical Stewardship Foundations — Shipbuilding & Naval Architecture Intro (Foundations I)** within the **Track C — Trades / Service** pathway at Twice Born Ministry Bible School.

This career track provides foundational trade exploration for high school dual-enrollment and college electives. It does **not** replace trade school or licensure—it prepares students to serve with excellence as unto the Lord (Colossians 3:23).

This is **Layer 4 — Career Tracks** content at college level (or high school dual-enrollment where noted). The King James Version remains the citation standard for all scripture. Complete BS-FND-100 or listed prerequisites before advanced modules.

Pray for wisdom before studying. Career competence without Christ-centered character produces skilled workers who build on sand. We pursue excellence **as unto the Lord** (Colossians 3:23).

Christian Ethics Integration —” Stewardship

The earth is the LORD's, and the fulness thereof (Psalm 24:1, KJV). Every vocation—”accounting, medicine, media, or cloud engineering—”is borrowed stewardship.

Apply this principle while studying **Introduction and Biblical Stewardship Foundations — Shipbuilding & Naval Architecture Intro (Foundations I)**: document ethical decisions, cite KJV where appropriate, and identify when professional practice must yield to conscience.

Core Teaching

Theme: Introduction and Biblical Stewardship Foundations — Shipbuilding & Naval Architecture Intro (Foundations I)

Servants, be obedient to them that are your masters according to the flesh, with fear and trembling, in singleness of your heart, as unto Christ (Ephesians 6:5, KJV). On-the-job integrity—punctuality, honest

estimates, safe practices—is gospel witness without preaching at hammer-point.

Whatsoever thy hand findeth to do, do it with thy might (Ecclesiastes 9:10, KJV). Skilled trades honor God through diligent craftsmanship. The tabernacle builders and Nehemiah's wall crews model excellence without vanity.

Practical Focus

College-level shipbuilding & naval architecture intro — foundations i. Rigorous skill-building with Christ-first ethics and KJV anchors. 2 Timothy 3:16-17 (KJV); Colossians 3:23 (KJV)

Competency targets for this lesson:

- Define key terms and industry-standard vocabulary at introductory level.
- Identify biblical principles that govern ethical decisions in this domain.
- Complete hands-on or scenario-based exercises in assignments and quizzes.
- Connect vocational skills to local church ministry or community service where applicable.

Professional Standards

Career track courses prepare students for further education, certification programs, or bi-vocational ministry—they do not replace licensure, trade union apprenticeships, CPA/legal counsel, or seminary ordination tracks unless explicitly stated in prerequisites.

Application for Vocation and Ministry

Introduction and Biblical Stewardship Foundations — Shipbuilding & Naval Architecture Intro (Foundations I) should change how you work, lead, serve customers, and witness.

Trade practice: Complete safety checklist, tool identification, or job-shadow reflection. Never perform licensed work without supervision.

Personal devotion: Write a brief prayer connecting today's vocational theme to Christ's lordship over your schedule, income, and relationships.

Local church: Share one insight with your pastor, deacon team, or small group—especially where bi-vocational ministry applies.

Evangelism: Prepare a 60-second testimony linking honest work or digital stewardship to the gospel hope you profess.

Lab, Scenario, or Field Exercise

Exercise 1: Complete a safety inspection checklist or measurement exercise. Photograph or sketch labeled diagrams where appropriate.

Document assumptions, resources consulted, and limitations. Submit via LMS with honor statement. Supervised field hours may count toward capstone portfolios where approved by cohort facilitator.

Discussion Questions

How does **Introduction and Biblical Stewardship Foundations — Shipbuilding & Naval Architecture Intro (Foundations I)** align with Colossians 3:23 ("as to the Lord")?

What secular practice in this field most often conflicts with biblical ethics?

Which prerequisite course or TBM resource best supports this lesson?

How would you teach this topic to a high school dual-enrollment student?

What is one measurable action you will take this week based on this lesson?

Summary and Next Steps

Lesson 1 Summary: We examined **Introduction and Biblical Stewardship Foundations — Shipbuilding & Naval Architecture Intro (Foundations I)** through scripture, vocational standards, and ministry application.

Action item: Complete the module quiz (70% to pass) and begin assignment work if due this week.

Soli Deo gloria — whether ye eat or drink, or whatsoever ye do, do all to the glory of God (1 Corinthians 10:31).

Historical Figure Spotlight

Research one defender of orthodoxy related to this doctrine—Augustine, Athanasius, Luther, Calvin, Spurgeon, or a modern missionary martyr. Write 150 words on how their context shaped their

emphasis. Standing on their shoulders, we inherit confessions forged in controversy. Imitate their courage and Scripture saturation, not necessarily every cultural application.

Worship Integration

Select a hymn or worship song rich in biblical doctrine (e.g., "Holy, Holy, Holy," "And Can It Be," "A Mighty Fortress"). Analyze its lyrics for theological accuracy in light of this lesson. Lead family worship using that hymn, reading one supporting passage before singing. Theology should enliven corporate praise, not remain abstract.

Supplemental Reading and Reflection

Assign one chapter from a standard systematic theology textbook or equivalent lecture notes. Summarize the author's definitions, note where Scripture proofs appear, and evaluate whether the Bible truly supports each claim. Theology students must read widely yet judge all teaching by the Word. Write a half-page response connecting supplemental reading to this lesson's theme.

Ministry Case Study

Imagine a congregant confused about this lesson's topic after watching online teaching that contradicts historic evangelical doctrine. Draft a pastoral response email that (1) expresses empathy, (2) clarifies biblical teaching with two references, (3) invites in-person conversation, and (4) avoids condescension. Pastoral communication is part of theological training, not an optional soft skill.

STEM-SHIP-101 — Lesson 4: Guided Skill Building II — Shipbuilding & Naval Architecture Intro (Foundations I)

Introduction

Welcome to Lesson 4 of **Shipbuilding & Naval Architecture Intro: Foundations I** (STEM-SHIP-101). This session explores **Guided Skill Building II — Shipbuilding & Naval Architecture Intro (Foundations I)** within the **Track C — Trades / Service** pathway at Twice Born Ministry Bible School.

This career track provides foundational trade exploration for high school dual-enrollment and college electives. It does **not** replace trade school or licensure—it prepares students to serve with excellence as unto the Lord (Colossians 3:23).

This is **Layer 4 — Career Tracks** content at college level (or high school dual-enrollment where noted). The King James Version remains the citation standard for all scripture. Complete BS-FND-100 or listed prerequisites before advanced modules.

Pray for wisdom before studying. Career competence without Christ-centered character produces skilled workers who build on sand. We pursue excellence **as unto the Lord** (Colossians 3:23).

Christian Ethics Integration —” Stewardship

The earth is the LORD's, and the fulness thereof (Psalm 24:1, KJV). Every vocation—"accounting, medicine, media, or cloud engineering—"is borrowed stewardship.

Apply this principle while studying **Guided Skill Building II — Shipbuilding & Naval Architecture Intro (Foundations I)**: document ethical decisions, cite KJV where appropriate, and identify when professional practice must yield to conscience.

Core Teaching

Theme: Guided Skill Building II — Shipbuilding & Naval Architecture Intro (Foundations I)

Servants, be obedient to them that are your masters according to the flesh, with fear and trembling, in singleness of your heart, as unto Christ (Ephesians 6:5, KJV). On-the-job integrity—punctuality, honest estimates, safe practices—is gospel witness without preaching at hammer-point.

Whatsoever thy hand findeth to do, do it with thy might (Ecclesiastes 9:10, KJV). Skilled trades honor God through diligent craftsmanship. The tabernacle builders and Nehemiah's wall crews model excellence without vanity.

Practical Focus

College-level shipbuilding & naval architecture intro — foundations i. Rigorous skill-building with Christ-first ethics and KJV anchors. 2 Timothy 3:16-17 (KJV); Colossians 3:23 (KJV)

Competency targets for this lesson:

- Define key terms and industry-standard vocabulary at introductory level.
- Identify biblical principles that govern ethical decisions in this domain.
- Complete hands-on or scenario-based exercises in assignments and quizzes.
- Connect vocational skills to local church ministry or community service where applicable.

Professional Standards

Career track courses prepare students for further education, certification programs, or bi-vocational ministry—they do not replace licensure, trade union apprenticeships, CPA/legal counsel, or seminary ordination tracks unless explicitly stated in prerequisites.

Application for Vocation and Ministry

Guided Skill Building II — Shipbuilding & Naval Architecture Intro (Foundations I) should change how you work, lead, serve customers, and witness.

Trade practice: Complete safety checklist, tool identification, or job-shadow reflection. Never perform licensed work without supervision.

Personal devotion: Write a brief prayer connecting today's vocational theme to Christ's lordship over your schedule, income, and relationships.

Local church: Share one insight with your pastor, deacon team, or small group—especially where bi-vocational ministry applies.

Evangelism: Prepare a 60-second testimony linking honest work or digital stewardship to the gospel hope you profess.

Lab, Scenario, or Field Exercise

Exercise 4: Complete a safety inspection checklist or measurement exercise. Photograph or sketch labeled diagrams where appropriate.

Document assumptions, resources consulted, and limitations. Submit via LMS with honor statement. Supervised field hours may count toward capstone portfolios where approved by cohort facilitator.

Discussion Questions

How does **Guided Skill Building II — Shipbuilding & Naval Architecture Intro (Foundations I)** align with Colossians 3:23 ("as to the Lord")?

What secular practice in this field most often conflicts with biblical ethics?

Which prerequisite course or TBM resource best supports this lesson?

How would you teach this topic to a high school dual-enrollment student?

What is one measurable action you will take this week based on this lesson?

Summary and Next Steps

Lesson 4 Summary: We examined **Guided Skill Building II — Shipbuilding & Naval Architecture Intro (Foundations I)** through scripture, vocational standards, and ministry application.

Action item: Complete the module quiz (70% to pass) and begin assignment work if due this week.

Soli Deo gloria — whether ye eat or drink, or whatsoever ye do, do all to the glory of God (1 Corinthians 10:31).

Supplemental Reading and Reflection

Assign one chapter from a standard systematic theology textbook or equivalent lecture notes. Summarize the author's definitions, note where Scripture proofs appear, and evaluate whether the Bible truly supports each claim. Theology students must read widely yet judge all teaching by the Word. Write a half-page response connecting supplemental reading to this lesson's theme.

Historical Figure Spotlight

Research one defender of orthodoxy related to this doctrine—Augustine, Athanasius, Luther, Calvin, Spurgeon, or a modern missionary martyr. Write 150 words on how their context shaped their emphasis. Standing on their shoulders, we inherit confessions forged in controversy. Imitate their

courage and Scripture saturation, not necessarily every cultural application.

Ministry Case Study

Imagine a congregant confused about this lesson's topic after watching online teaching that contradicts historic evangelical doctrine. Draft a pastoral response email that (1) expresses empathy, (2) clarifies biblical teaching with two references, (3) invites in-person conversation, and (4) avoids condescension. Pastoral communication is part of theological training, not an optional soft skill.

Trade practice: Complete safety checklist, tool identification, or job-shadow reflection. Never perform licensed work without supervision.

Personal devotion: Write a brief prayer connecting today's vocational theme to Christ's lordship over your schedule, income, and relationships.

Local church: Share one insight with your pastor, deacon team, or small group—especially where bi-vocational ministry applies.

Evangelism: Prepare a 60-second testimony linking honest work or digital stewardship to the gospel hope you profess.

Lab, Scenario, or Field Exercise

Exercise 7: Complete a safety inspection checklist or measurement exercise. Photograph or sketch labeled diagrams where appropriate.

Document assumptions, resources consulted, and limitations. Submit via LMS with honor statement. Supervised field hours may count toward capstone portfolios where approved by cohort facilitator.

Discussion Questions

How does **Research, Documentation, and Professional Integrity — Shipbuilding & Naval Architecture Intro (Foundations I)** align with Colossians 3:23 ("as to the Lord")?

What secular practice in this field most often conflicts with biblical ethics?

Which prerequisite course or TBM resource best supports this lesson?

How would you teach this topic to a high school dual-enrollment student?

What is one measurable action you will take this week based on this lesson?

Summary and Next Steps

Lesson 7 Summary: We examined **Research, Documentation, and Professional Integrity — Shipbuilding & Naval Architecture Intro (Foundations I)** through scripture, vocational standards, and ministry application.

Action item: Complete the module quiz (70% to pass) and begin assignment work if due this week.

Preview: Continue to Lesson 8. Review SPECIALIZATION_SOURCES.md or Kingdom Capital / TBM Marketing docs as listed in your syllabus.

Supplemental Reading and Reflection

Assign one chapter from a standard systematic theology textbook or equivalent lecture notes. Summarize the author's definitions, note where Scripture proofs appear, and evaluate whether the Bible truly supports each claim. Theology students must read widely yet judge all teaching by the Word. Write a half-page response connecting supplemental reading to this lesson's theme.

STEM-SHIP-101 — Lesson 8: Advanced Application and Problem Solving — Shipbuilding & Naval Architecture Intro (Foundations I)

Introduction

Welcome to Lesson 8 of **Shipbuilding & Naval Architecture Intro: Foundations I** (STEM-SHIP-101). This session explores **Advanced Application and Problem Solving — Shipbuilding & Naval Architecture Intro (Foundations I)** within the **Track C — Trades / Service** pathway at Twice Born Ministry Bible School.

This career track provides foundational trade exploration for high school dual-enrollment and college electives. It does **not** replace trade school or licensure—it prepares students to serve with excellence as unto the Lord (Colossians 3:23).

This is **Layer 4 — Career Tracks** content at college level (or high school dual-enrollment where noted). The King James Version remains the citation standard for all scripture. Complete BS-FND-100 or listed prerequisites before advanced modules.

Pray for wisdom before studying. Career competence without Christ-centered character produces skilled workers who build on sand. We pursue excellence **as unto the Lord** (Colossians 3:23).

Christian Ethics Integration —” Truth

Buy the truth, and sell it not (Proverbs 23:23, KJV). Financial reports, news scripts, and research data must reflect reality—”not convenience.

Apply this principle while studying **Advanced Application and Problem Solving — Shipbuilding & Naval Architecture Intro (Foundations I)**: document ethical decisions, cite KJV where appropriate, and identify when professional practice must yield to conscience.

Core Teaching

Theme: Advanced Application and Problem Solving — Shipbuilding & Naval Architecture Intro (Foundations I)

Servants, be obedient to them that are your masters according to the flesh, with fear and trembling, in singleness of your heart, as unto Christ (Ephesians 6:5, KJV). On-the-job integrity—punctuality, honest estimates, safe practices—is gospel witness without preaching at hammer-point.

Whatsoever thy hand findeth to do, do it with thy might (Ecclesiastes 9:10, KJV). Skilled trades honor God through diligent craftsmanship. The tabernacle builders and Nehemiah's wall crews model excellence without vanity.

Practical Focus

College-level shipbuilding & naval architecture intro — foundations i. Rigorous skill-building with Christ-first ethics and KJV anchors. 2 Timothy 3:16-17 (KJV); Colossians 3:23 (KJV)

Competency targets for this lesson:

- Define key terms and industry-standard vocabulary at introductory level.
- Identify biblical principles that govern ethical decisions in this domain.
- Complete hands-on or scenario-based exercises in assignments and quizzes.
- Connect vocational skills to local church ministry or community service where applicable.

Professional Standards

Career track courses prepare students for further education, certification programs, or bi-vocational ministry—they do not replace licensure, trade union apprenticeships, CPA/legal counsel, or seminary ordination tracks unless explicitly stated in prerequisites.

Pastoral communication is part of theological training, not an optional soft skill.

Historical Figure Spotlight

Research one defender of orthodoxy related to this doctrine—Augustine, Athanasius, Luther, Calvin, Spurgeon, or a modern missionary martyr. Write 150 words on how their context shaped their emphasis. Standing on their shoulders, we inherit confessions forged in controversy. Imitate their courage and Scripture saturation, not necessarily every cultural application.

Ministry Case Study

Imagine a congregant confused about this lesson's topic after watching online teaching that contradicts historic evangelical doctrine. Draft a pastoral response email that (1) expresses empathy, (2) clarifies biblical teaching with two references, (3) invites in-person conversation, and (4) avoids condescension. Supplemental Reading and Reflection

Assign one chapter from a standard systematic theology textbook or equivalent lecture notes. Summarize the author's definitions, note where Scripture proofs appear, and evaluate whether the Bible truly supports each claim. Theology students must read widely yet judge all teaching by the Word. Write a half-page response connecting supplemental reading to this lesson's theme.

STEM-SHIP-101 — Lesson 11: Mid-Course Synthesis and Review — Shipbuilding & Naval Architecture Intro (Foundations I)

Introduction

Welcome to Lesson 11 of **Shipbuilding & Naval Architecture Intro: Foundations I** (STEM-SHIP-101). This session explores **Mid-Course Synthesis and Review — Shipbuilding & Naval Architecture Intro (Foundations I)** within the **Track C — Trades / Service** pathway at Twice Born Ministry Bible School.

This career track provides foundational trade exploration for high school dual-enrollment and college electives. It does **not** replace trade school or licensure—it prepares students to serve with excellence as unto the Lord (Colossians 3:23).

This is **Layer 4 — Career Tracks** content at college level (or high school dual-enrollment where noted). The King James Version remains the citation standard for all scripture. Complete BS-FND-100 or listed prerequisites before advanced modules.

Pray for wisdom before studying. Career competence without Christ-centered character produces skilled workers who build on sand. We pursue excellence **as unto the Lord** (Colossians 3:23).

Christian Ethics Integration —" Truth

Buy the truth, and sell it not (Proverbs 23:23, KJV). Financial reports, news scripts, and research data must reflect reality—"not convenience.

Apply this principle while studying **Mid-Course Synthesis and Review — Shipbuilding & Naval Architecture Intro (Foundations I)**: document ethical decisions, cite KJV where appropriate, and

identify when professional practice must yield to conscience.

Core Teaching

Theme: Mid-Course Synthesis and Review — Shipbuilding & Naval Architecture Intro (Foundations I)

Whatsoever thy hand findeth to do, do it with thy might (Ecclesiastes 9:10, KJV). Skilled trades honor God through diligent craftsmanship. The tabernacle builders and Nehemiah's wall crews model excellence without vanity.

Servants, be obedient to them that are your masters according to the flesh, with fear and trembling, in singleness of your heart, as unto Christ (Ephesians 6:5, KJV). On-the-job integrity—punctuality, honest estimates, safe practices—is gospel witness without preaching at hammer-point.

Practical Focus

College-level shipbuilding & naval architecture intro — foundations i. Rigorous skill-building with Christ-first ethics and KJV anchors. 2 Timothy 3:16-17 (KJV); Colossians 3:23 (KJV)

Competency targets for this lesson:

- Define key terms and industry-standard vocabulary at introductory level.
- Identify biblical principles that govern ethical decisions in this domain.
- Complete hands-on or scenario-based exercises in assignments and quizzes.
- Connect vocational skills to local church ministry or community service where applicable.

Professional Standards

Career track courses prepare students for further education, certification programs, or bi-vocational ministry—they do not replace licensure, trade union apprenticeships, CPA/legal counsel, or seminary ordination tracks unless explicitly stated in prerequisites.

Application for Vocation and Ministry

Mid-Course Synthesis and Review — Shipbuilding & Naval Architecture Intro (Foundations I) should change how you work, lead, serve customers, and witness.

Trade practice: Complete safety checklist, tool identification, or job-shadow reflection. Never perform licensed work without supervision.

Personal devotion: Write a brief prayer connecting today's vocational theme to Christ's lordship over your schedule, income, and relationships.

Local church: Share one insight with your pastor, deacon team, or small group—especially where bi-vocational ministry applies.

Evangelism: Prepare a 60-second testimony linking honest work or digital stewardship to the gospel hope you profess.

Lab, Scenario, or Field Exercise

Exercise 11: Complete a safety inspection checklist or measurement exercise. Photograph or sketch labeled diagrams where appropriate.

Document assumptions, resources consulted, and limitations. Submit via LMS with honor statement. Supervised field hours may count toward capstone portfolios where approved by cohort facilitator.

Discussion Questions

How does **Mid-Course Synthesis and Review — Shipbuilding & Naval Architecture Intro (Foundations I)** align with Colossians 3:23 ("as to the Lord")?

What secular practice in this field most often conflicts with biblical ethics?

Which prerequisite course or TBM resource best supports this lesson?

How would you teach this topic to a high school dual-enrollment student?

What is one measurable action you will take this week based on this lesson?

Summary and Next Steps

Lesson 11 Summary: We examined **Mid-Course Synthesis and Review — Shipbuilding & Naval Architecture Intro (Foundations I)** through scripture, vocational standards, and ministry application.

Action item: Complete the module quiz (70% to pass) and begin assignment work if due this week.

Preview: Continue to the capstone module. Review SPECIALIZATION_SOURCES.md or Kingdom Capital / TBM Marketing docs as listed in your syllabus.
